### How to calculate your price

(Consignment kilo weight x Price per KG) + (the number of items x SLP item rate)

### Service Criteria (general terms of use)

Speed of delivery target	Jersey + 3 days to national - international = Standard International published service + 1 day
Postage payment by	Postage Account through e-docket
Scheduling and prior notification	Monthly forecast and weekly pre-assurance of volumes
Presentation of mail	Mail items to be within max dimensions of product description. Each mailing must be delivered to an agreed Jersey Post site by no later than an agreed Latest Acceptance Time (LAT) on day of posting accompanied with completed electronic postage docket and full line listing as required. Minimums are defined by aggregated annual forecast. Subject to mail profile a client posting 2 million or more items per year from any one site may be provided with a container on site to facilitate transport of mail. It is the client's responsibility to load this container.
Level of sortation	National = Full postcode sorted and bagged (currently 132 sort) International = product profile and country sort, as required

- \* Note 1 - No single dimension shall exceed 600mm. Sum of all dimensions shall not exceed 900mm.
- \* Note 2 - 610 x 460 x 460mm subject to agreement with Royal Mail.
- \* Note 3 - Where a full line listing (manifest) is provided (as agreed beforehand with Jersey Post) with each posting, that allows Jersey Post to check the contents of the mailing down to bag level, the revised access criteria will apply:
  - Minimum of 1000 items Small Packet and Packet (presented mixed)
  - Minimum of 400 items Large Packet and Extra Large Packet (presented mixed)
 When it is not possible to provide the line listing (manifest) then the access criteria remain unchanged.
