Dear George

I am going to tell you about the dragon in my Sridge. His name is Flusball. he has one eye on his face. He has Pink and green splats all over him. He is very cheeky at night because he eats all the goodies when no one is looking. He hides in the Sridge when my mum and dad walks past. He is like my secret friend. My dragon and I went to a magical woods. the trees were really wavy and had tiny insects on the ground. There was a sneaky path leading to a massive treasure with dragon gems in.
