To Leighton

Do you remember our amazing camping trip in the summer? We had so much fun!

We went on the water slides and rode our bikes. We even went into the river to find gems and put them in our very own treasure chest. We were like real treasure hunters.

We rode on the Paddleboard and went exploring on the Island. We looked everywhere for frogs and snakes.

We played Family cricket and table tennis and we went fishing too. There were so many things to do that I didn't want the holiday to end.

I wish we could go back to camping adventure again. Maybe next time we will find even more treasure!
